BEDROOM KANDI
BY KANDI BURRUSS

SUSPENSE[™]

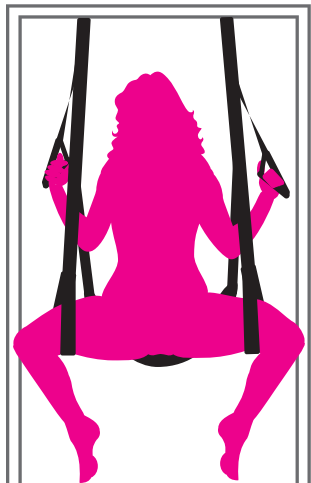

SUSPENSE

Bedroom Kandi's SUSPENSE over-the-door sex swing is designed to help you and your partner explore a new variety of positions and angles, all within adjustable comfort! Great for angling your hips for deeper penetration & G-spot stimulation, or positioning yourself for oral pleasure.

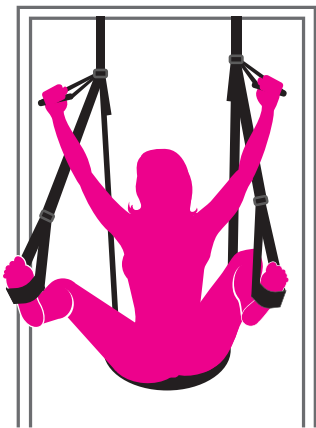

USING SUSPENSE

- Place the straps over any door and close
- Position yourself in the seat.
- Grab the hand grips and slide your feet or legs into the support straps
- Pull to adjust to your desired position

PLEASE BE SURE TO READ SAFETY INFORMATION AND DETAILED INSTRUCTIONS PRIOR TO FIRST USE.

TIP: You can use the leg straps either for thighs or for feet, depending on your preferred position!

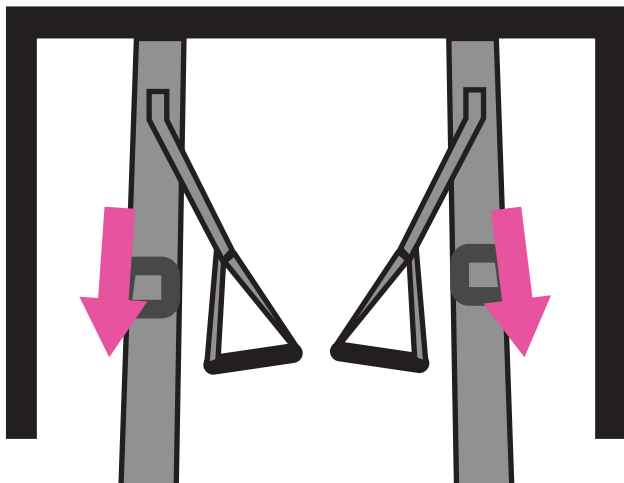

SETTING UP SUSPENSE

Product should always be used on the side of the door that closes into the door frame and rests on the door stops. If you can see the hinges, you're using the product on the **wrong** side of the door!

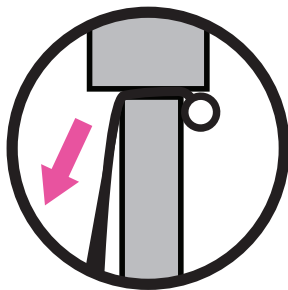

1) Place the two straps with metal rods attached over the top of a **solid core** door (so that the rods are now on the hinge-side of the door). Firmly close the door. Lock the door if possible.

2) Pull down on the main straps firmly until you feel the rods are tightly in place against the top of the door.

NOTE: *The rods should be positioned on the opposite side of the door from the swing. You should NOT be able to see them!*

3) Adjust the seat to desired height.

Adjust foot straps to desired length.

While adjusting each element, ensure straps on each side are adjusted to the same length and are level.

Foot straps and seat position can be further adjusted once you are seated in position, so you don't have to interrupt play! To further adjust while a partner is in the seat, simply have the person seated take hold of the hand grips and pull themselves up slightly while you lengthen or shorten the straps.

RECOMMENDATION: Please place cushions, pillows, or a mattress under SUSPENSE until you familiarize yourself with its use and set up.

Lifting ladder lock clips upward will lengthen the strap, while pulling down on adjustable straps will shorten them.

IMPORTANT SAFETY INFORMATION

Swing holds up to 275 lbs. (125 kgs). While this product may be weight-bearing, your door may not.

Test the weight capacity of your door before putting or placing any weight on it, or sitting in the product.

Hollow or lightweight doors may not be able to support weight.

SUSPENSE should be used on the door side that closes into the frame (not the hinge side). This removes the risk of the door opening toward you while using the product.

For safety, use with a partner. The swing is not designed for solo-use.

We recommend placing cushions, pillows, or a mattress on the floor beneath this product prior to use. Should the person using the product slip out of the swing, this precaution may reduce the impact.

Bedroom Kandi assumes no liability for bodily injury or damage to property and makes no claims of door compatibility with this product. Not designed as a suspension device. This product sold as an adult novelty.

CARE & CLEANING

Hand wash in cold water. Rinse. Hang or lay flat to dry. Once dry, store in privacy bag until next use.

WARRANTY

Bedroom Kandi warrants its product for a period of thirty (30) days, from the date of original purchase, against defects due to faulty workmanship or materials. In the event that our product fails, simply email us at customercare@bedroomkandi.com and provide us with a valid proof of the date of purchase and we will replace the faulty product at no extra charge.

This warranty does not cover cosmetic deterioration caused by normal wear and tear or damage caused by accident, misuse, neglect or other use not in accordance with this instruction manual. Any attempt to take apart this product will void the warranty.
